SUBJECT: Update on East Riverside Zoning cases, Commercial Design and Vertical Mixed Use Standards

At the January 12, 2006 City Council meeting Council Member McCracken had questions regarding the absence of mixed-use zoning in several zoning cases along East Riverside Drive (Agenda items Z-8, Z-9, Z-10, Z-11 and Z-16). The following memorandum provides an overview of the process leading to the zoning recommendation and an update on the Commercial Design and Vertical Mixed Use (VMU) Standards.

East Riverside Neighborhood Plan Issue

Residents of the East Riverside Neighborhood Planning Area have expressed concerns over the high concentration of apartments in the area. In particular, neighborhood plan participants felt that the mixed-use overlay zoning district, as written, would merely result in more apartments, and not true mixed use development. In response to these concerns the Planning Commission postponed the consideration of the East Riverside/Oltorf combined neighborhood plan from October 25, 2005 until March 28, 2006, to allow for further discussion of the issue.

Several tracts were recommended by the Planning Commission, separated from the neighborhood plan and forwarded to City Council for approval. These tracts had a consensus opinion from staff, the neighborhoods, the property owners and the Planning Commission. Based on this staff brought these cases forward to Council for consideration.

Most of these cases did not include the mixed-use overlay. However, tracts 304 and 305 did include a recommendation for neighborhood commercial mixed (LR-MU) zoning along Riverside Drive and single family zoning (SF-3) along the residential street of Penick Drive. The neighborhood felt comfortable with supporting the MU overlay in this case as a result of private deed restrictions negotiated with the applicant.

These cases have been brought back for Council. The property owners, neighborhood representatives, staff and the Planning Commission support the following rezonings.

One additional case is being heard by City Council related to these neighborhood plans. Case C14-05-0111.06 located at 3000 Montopolis, is being recommended for rezoning from SF-3 to CS. This case, too is supported by the neighborhood, property owner, staff and Planning Commission. This is the first time this case is being heard by the City Council.

The draft neighborhood plans are attached to provide the context for these zoning recommendations. The final neighborhood plan will be formally presented to City Council after Planning Commission action on March 28, 2006.

Update on Commercial Design and Vertical Mixed Use (VMU) Standards

There are three initiatives under way related to the Commercial Design Standards. First, the City has contracted with Clarion and Associates of Denver, Colorado to develop an ordinance based on the Commercial Design Standards Report approved by Council on May 12 and revised on November 17, 2005. The Consultant will deliver an outline of the ordinance the week of January 23, 2006. The outline will be reviewed by staff and then presented to the City Council along with a review of National Best Practices on design standards.

Once Council has reviewed the ordinance outline Clarion will move forward with drafting an ordinance. The ordinance will include the Vertical Mixed Use provisions described in the Commercial Design Standards Report.

Second, on Nov. 17, 2005 the City Council approved a set of revisions to the Commercial Design Standards and directed staff to draft interim rules to permit vertical mixed use as soon as possible. Staff is working on a draft ordinance to amend Section 25-2-647 of the Land Development Code (Mixed Use (MU) Combining District Regulations) to address this directive. We anticipate having a draft ordinance to the Planning Commission in mid-to-late February and to City Council in late-February or early March.

Finally, an interdepartmental team is developing recommendations for implementation of 10 policies items included in the Commercial Design Standards Report. Clarion and Associates will review the staff recommendations on the policy items and provide feedback on the staff recommendations in light of their experience with National Best Practices. These

... recommendations will be incorporated into Clarion's presentation to Council once an ordinance is drafted.

Staff Recommendation

Staff recommends approval of the referenced zoning cases due to the consensus reached by the various stakeholders involved in the neighborhood planning process. Once the Commercial Design Standards ordinance is adopted the Vertical Mixed Use standards will apply to Riverside Drive, as well as the other Core Transit Corridors. These zoning cases in no way prohibit application of the proposed Vertical Mixed Use standards to these properties in the future.

If you have questions or need additional information on the referenced zoning cases please contact Robert Heil at 974-2330 or for more information on the Commercial Design Standards please contact George Adams at 974-2146.

RE: East Riverside / Oltorf Combined Neighborhood Plan

On October 25, the Planning Commission held a public hearing on the East Riverside / Oltorf Combined Neighborhood Plan and three associated zoning cases for the Parker Lane (C14-05-0111), Riverside (C14-05-0112) and Pleasant Valley (C14-05-0113) neighborhood plans.

Planning Commission postponed action on the Neighborhood Plan and on the associated rezoning cases until March 28, to allow additional time for areas of disagreement to be worked out.

However, rezoning on several tracts was supported by the property owners, staff and the stakeholders that had been involved in the neighborhood planning process. The Planning Commission recommended that City Council approve the rezoning on these tracts while work continues on the rest of the neighborhood plan.

The property owners, neighborhood representatives, staff and the Planning Commission support the following rezoinings. These consensus tracts are:

COUNCILMEMBER MCCRACKEN?

McCracken: MR. GUERNSEY, I HAVE A QUESTION. THERE ARE A NUMBER OF ITEMS FOR THE EAST RIVERSIDE/OLTORF NEIGHBORHOOD PLAN. AND WHAT IS THE -- IS THIS LIKE AN ALREADY APPROVED NEIGHBORHOOD PLAN AND THESE ARE ZONING ITEMS COMING THROUGH ON IT?

THESE ARE ITEMS WHERE MY UNDERSTANDING THERE'S AGREEMENT AMONG ALL OF THE PARTIES, PROPERTY OWNER, NEIGHBORHOOD, A COUPLE OF THE ITEMS ACTUALLY PULLED OFF TONIGHT, THERE WERE SOME PARTIES THAT WERE NOT IN AGREEMENT. SO THOSE ITEMS WILL BE BROUGHT BACK WITH THE REST OF THE NEIGHBORHOOD PLANNING ITEMS, THIS WILL GO TO COMMISSION SOMETIME IN MARCH, BE BROUGHT BACK TO COUNCIL IN APRIL. THESE ARE THE ITEMS THAT WE ARE AWARE OF THAT WE HAVE CONSENSUS, EVERYONE SEEMS TO BE IN AGREEMENT OF THESE ITEMS MOVING FORWARD. THERE WERE SEVERAL OF THEM, WE DID SEPARATE THEM IN CASE THERE WAS AN ISSUE ON ANY GIVEN ONE THAT WE COULD PULL THEM DOWN TODAY. AND AS FAR AS I KNOW, THERE ARE NO SPEAKERS ON THESE ITEMS EXCEPT FOR Z-3 AND Z-4 THERE MY BE AN INDIVIDUAL THAT HAD A CONCERN, THAT'S WHY WE PULLED THOSE DOWN?

I HAVE BIG CONCERNS ABOUT SOME OF THESE. THESE APPEAR TO BE AT LEAST WHAT IS LISTED HERE TO BE PRETTY SUBSTANTIAL DEVIATIONS FROM THE ENVISION CENTRAL TEXAS DIRECTIVES WHICH ARE TO HAVE MORE MIXED USE IN OUR CORRIDORS AND ACTUALLY CAN YOU GIVE US BACKGROUND, SOME OF THESE APPEAR TO BE SOME -- QUITE A BIT OF -- NOT VERY MUCH MIXED USE THAT WOULD BE VERY DIFFERENT FROM THE SOUTH CONGRESS NEIGHBORHOOD PLAN THAT RECENTLY CAME THROUGH WHERE THERE WAS QUITE A BIT OF MIXED USE. CAN YOU GIVE ME BACKGROUND ON WHAT'S HAPPENING HERE?

Guernsey: WELL, THESE TRACTS THERE HAVE BEEN A LOT OF DISCUSSION AND NEGOTIATION ABOUT THE MIXED USE ELEMENT. WE WILL BE COMING BACK IN MARCH AND APRIL, HOPEFULLY TO HAVE AN AMENDMENT THAT MAY ADDRESS SOME OF THE MIXED USE CONCERNS. PART OF THE MU THERE'S A CONCERN ABOUT THE NUMBER OF APARTMENTS BEING BUILT IN THIS AREA OF THE CITY. THE NEIGHBORHOODS HAVE AN OBJECTION TO SOME OF THE OTHER TYPES OF USES THAT MIGHT GO IN, CONDOMINIUM OR SINGLE FAMILY OR DUPLEX TYPE USES, THOSE ITEMS COULD COME BACK. SO THESE ARE JUST INDIVIDUAL TRACTS WHERE PARTIES HAVE ALL AGREED, THE STAFF WOULD RECOMMEND NOT NECESSARILY FOR MIXED USE IN THESE PARTICULAR TRACTS, BUT TO ALLOW THESE TO GO FORWARD SO PROPERTY OWNERS AREN'T HELD UP BY WAITING FOR THOSE TRACTS THAT WILL COME BACK IN MARCH AND APRIL. SO THIS ISN'T THE ENTIRE NEIGHBORHOOD, BUT THESE ARE TRACTS WHERE EVERYONE SEEMS TO HAVE CONSENSUS. THE COMMISSION ALSO AGREES THAT THESE CASES COULD GO FORWARD.

YOU WILL SEE A LOT OF CASES WHERE THE MIXED USE WILL PROBABLY BE DISCUSSED ON A MAJORITY OF THOSE TRACTS ALONG EAST RIVERSIDE, WHERE THERE'S A LOT OF CONCERN JUST ABOUT EXACTLY WHAT YOU ARE SAYING.

YEAH BECAUSE ANOTHER THING IS THAT THESE ALL OF THESE RIVERSIDE PROPERTIES ARE ALREADY IN THE COUNCIL'S ADOPTED MIXED USE OVERLAY FOR RIVERSIDE DRIVE. WHICH IDENTIFIED RIVERSIDE DRIVE AS THE CORE TRANSIT CORRIDOR. WITH UNANIMOUS SUPPORT. I WANT TO MAKE SURE THERE'S NOT A DEVIATION FROM THE COUNCIL'S ALREADY ADOPTED ACTION WITH ESTABLISHING EAST RIVERSIDE AS A CORE TRANSIT CORRIDOR WITH THE VERTICAL MIXED USE OVERLAY. I'M A LITTLE CONCERNED THAT THERE DOES APPEAR TO BE SOME DEVIATION HERE. ALSO -- ALSO THERE APPEARS TO BE SOME DEVIATION FROM ENVISION CENTRAL TEXAS. WHAT STAFF CAN DO IS SUGGEST POSTPONE THE NEXT MEETING FOR THOSE ITEMS ON RIVERSIDE, PROBABLY SPECIFY WHICH ONES THAT YOU WOULD LIKE, WE CAN TAKE A LOOK AT THOSE ITEMS AND GIVE YOU THAT INFORMATION BEFORE OUR NEXT MEETING.

McCracken: YEAH, I WOULD BE A LOT MORE COMFORTABLE WITH THAT ON THE RIVERSIDE DRIVE ONES. JUST BECAUSE I WANT TO MAKE SURE THAT WE ARE NOT WITH THIS ACTION CONTRADICTING SEVERAL THINGS THAT WE HAVE WORKED ON FOR QUITE A WHILE AND WE MAY NOT BE, BUT -- BUT I WANT TO MAKE SURE THAT WE ARE CONSIDERING ALL OF THOSE TOGETHER. I WOULD BE A LOT MORE COMFORT IF WE REMOVED THE RIVERSIDE DRIVE ITEMS THAT ARE BROUGHT HERE. I THINK IN GENERAL IT'S HELPFUL FOR US TO SEE THE NEIGHBORHOOD PLAN ALSO WHEN WE START TO GET THESE ZONING ITEMS, BECAUSE WE AS THE POLICY MAKERS DO HAVE A NEED TO CONSIDER WHEN WE GET INDIVIDUAL ZONING CASES WE HAVE NO CONTEXT IN WHICH TO JUDGE WHETHER YOU KNOW THE POLICY OF THE COMMUNITY BEING CARRIED OUT I THINK THAT THERE'S A SUBSTANTIAL INTEREST IN THIS COUNCIL AS WE SEE THE BOND PACKAGE COMING UP, TO -- TO CARRY OUT THE -- THE -- THE OVERWHELMING PUBLIC GOALS OF ENVISION CENTRAL TEXAS. SO THAT'S WHY [INDISCERNIBLE] AND THE ZONING ITEMS IN CONJUNCTION WITH THEM.

Guernsey: WITH THAT, I THINK THE ITEMS --

Mayor Wynn: IF YOU COULD HELP ME IDENTIFY THEN THE RIVERSIDE DRIVE TRACTS.

Guernsey: ITEMS Z-3 AND 4 STAFF PULLED OFF AND -- THERE'S NO ACTION REQUIRED ON THOSE. BUT ITEMS Z-5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, ARE THOSE ITEMS THAT ARE DESCRIBED AS THE EAST RIVERSIDE/OLTORF NEIGHBORHOOD PLAN AREA.

Mayor Wynn: BUT I THINK THE COUNCILMEMBERS COMMENTS WERE MORE SPECIFICALLY ABOUT RIVERSIDE DRIVE ITSELF.

McCracken: MAYOR. I THINK THAT IT IS -- MY SPECIFIC CONCERN IS RIVERSIDE DRIVE. IF WE

SUMMARY STAFF RECOMMENDATION

C14-05-0111

The proposed zoning change creates a Neighborhood Plan Combining District (NPCD) for the entire area.

For each of the 60 tracts (numbered 1-58, including 10A and 45A) the attached chart lists the street address, the existing zoning, and proposed zoning. Staff recommends the adoption of the proposed zoning base zoning for these tracts.

Additionally there are some tracts not recommended for rezoning by staff which are being offered by the neighborhood stakeholders for consideration by the commission. (See Attachment 5)

This case is associated with C14-05-0111 Parker Lane Neighborhood Plan Rezoning; C14-05-0113 Pleasant Valley Neighborhood Plan and NP-05-0021 East Riverside/Oltorf Combined Neighborhood Plan.

BASIS FOR LAND USE RECOMMENDATION

The staff recommendation is derived from the goals and objectives for land use as described in the East Riverside/Oltorf Combined Neighborhood Plan.

DEPARTMENT COMMENTS:

Transportation

Additional right-of-way (ROW) necessary for future roadway improvements within the proposed zoning may be required during the subdivision review process or the site plan review process.

Since the rezoning of this area is being initiated by the City of Austin through the neighborhood planning process and does not reflect a specific development proposal, no trip generation calculations are provided on a tract by tract basis for any proposed land uses as would typically be provided.

A Traffic Impact Analysis (TIA) will be required during the site plan review stage for any proposed land use that would generate over 2,000 vehicle trips per day. Additional ROW, participation in roadway improvements, and/or limitation on development intensity may also be recommended based on review of the TIA.

Existing Conditions:

Environmental

The site is not located over the Edward's Aquifer Recharge Zone. The site is in the Country Club Creek, Harpers Branch Creek, and Town Lake Watersheds of the Colorado River Basin. Country Club Creek is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. Under current watershed regulations, development or redevelopment within the Country Club Creek Watershed portion of the neighborhood area will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

In the Water Quality Transition Zones, impervious cover is limited to 30%.

According to flood plain maps, there is flood plain in, or within close proximity of, the Country Club Creek watershed portion of the neighborhood area. Based upon the close proximity of flood plain, offsite drainage should be calculated to determine whether transition zone exists within the project location. If transition zone is found to exist within the project area, allowable impervious cover within said zone shall be limited to 30%.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment within the Country Club Creek Watershed portion of the neighborhood area will be subject to the following water quality control requirements:

Structural controls: Sedimentation and filtration basins with increased capture volume and 2 year detention.

At this time, no information has been provided as to whether this property has any pre-existing approvals which preempt current water quality or Code requirements.

Site Plan

Several tracts within this area are located within a Capitol View Corridor – Longhorn Shores and Pleasant Valley at Lakeshore Drive. Height restricts apply for each corridor.

Portions of this area lie within the 100 and 500 year flood plain.

East Riverside Drive is a Scenic Roadway. [Sec. 25-10-6]

Portions of this area are within the Waterfront Overlay; East Riverside subdistrict [Section 25-2-734] and South Lakeshore subdistrict [Section 25-2-741].

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations. Additional design regulations will be enforced at the time a site plan is submitted.

Water and Wastewater

The area is currently served with City of Austin water and wastewater utilities. If water or wastewater utility improvements, or offsite main extension, or system upgrades, or utility relocation, or adjustments are required, the landowner, at own expense, will be responsible for providing. Also, the water and wastewater utility plan must be reviewed and approved by the Austin Water Utility. The utility construction must be inspected by the City. The landowner must pay the associated City fees.
